Policy Document on

The Green Campus

Green Campus: A Green Campus is a place where environmental friendly practices and education combine to promote sustainable and eco-friendly practices in the campus. The green campus concept offers an institution the opportunity to take the lead in redefining its environmental culture and developing new paradigms by creating sustainable solutions to environmental, social and economic needs of mankind. The first step of the Go Green Programme involves establishing a viable Green-Campus Committee, within the organizational structure of the Institute. Hence, to give this initiative more clarity and authenticity, we now roll out a policy document spelling out the strategies, plans and other allied tasks to make this Program functional officially. We believe that greening the campus is all about sweeping away wasteful inefficiencies and using conventional sources of energies for its daily power needs, correct disposal handling, purchase of environment friendly supplies and effective recycling program. The administration of the Institute believes that everyone has to work out the time bound strategies to implement green campus initiatives. These strategies need to be incorporated into the institutional planning and budgeting processes with the aim of developing a clean and green campus. Every individual of College Campus will work, may he/she be a student, faculty and support staff to foster a culture of self-sustainability and make the entire campus environmental friendly. The Green Campus Initiatives (GCI) will enable the institution to develop the campus as a living laboratory for innovation.

Main Objectives:

- To support a sustainable and climate-friendly environment.
- To ensure the sustainability of sufficient water, material and other resources.
- To implement tree plantation programmes at large.
- To maintain cleanliness of the campus.
- To measure and reduce environmental emission/footprints.

Composition of the Go- Green Committee

1. Principal of the college- Chairperson
2. IQAC Coordinator- Secretary
3. Faculty Representative nominated by the Principal
4. Student Representative- General Secretary of the college
5. Non-Teaching Staff Representative- Office Superintendent
6. Parent Representative- Secretary of the Parent Teacher Association

7. Industry Representative- Member of Alumni Association

Role of the Go- Green Campus Programs:

The impetus for a successful Green Campus must begin at the top and emanate throughout the rest of the campus. Without a strong message of commitment and involvement from both the Chairperson and Members of the Committee, well-intentioned initiatives may be too fragmented to allow for Institute-wide participation. Thus in view of this, the committee will plan and execute to:

1. Seek views of all the Stakeholders to make the Go Green Campus initiative functional throughout the year.
2. Conduct the Campus' environmental impacts to identify the targets for improvements.
3. Establish a Green Campus Environmental Ethic Awareness campaigns.
4. Set forth a Green Campus Mission
5. Organize Awareness Programs for the students, faculty and society.
6. Chart out a yearly planner for the Institute, local community.
7. Develop a strategic plan and create student teams to carry out specific tasks of the strategic plan.
8. Phase out the CFL and conventional light source such as bulbs and tube lights, halogen and mercury street/campus lights and get them replace by the LEDs
9. Conduct an Annual Green, Environment and Energy Audit.

Promotion of "Save Energy Tips" in and outside the Institute:

1. Turn off your monitor when you leave your Table.
2. Whenever possible, shut down rather than logging off.
3. Turn off unnecessary lights and use daylight instead.
4. Avoid the use of decorative lighting.
5. Use LED or compact fluorescent bulbs.
6. Keep lights off in conference rooms, classrooms, lecture halls when they are not in use.
7. Use the fans only when they are needed.

Major Green Campus Initiatives:

- Rainwater harvesting
- Displayed poster on E-waste Management
- Plastic free Campus
- Tree Plantation Drive
- Cleanliness Drive
- Use of LEDs only
- Digital Library/ E-Learning Centre
- Organization of sensitization programs for the stakeholders

- Restricted entry of automobiles

The Institute will make all the necessary efforts to involve the students, faculty and staff in "Green Campus Initiatives" by designating the volunteers of Enviro Club, NSS & NCC cadets, printing Tshirts/ Caps with green campus initiative slogan specially designed for the purpose. For further details and enquiry, Please feel free to write to us: principal ascc@gmail.com
