These lamps will be purchased by the cell and will be sold through its outlets.

This will provide some financial help to the students and they can earn while learn.

About the college:

Sipna Shikshan Prasarak Mandal, Amravati is established with the specific goals and mission of overall development of the people in Melghat, a tribal, remote and backward region in Amravati district of Maharashtra state. Melghat comprising of two tehsil places (Chikhaldara and Dharni) is hilly terrain at the northern extreme of the Amravati district of Maharashtra. Melghat means 'meeting of the ghats', which describes the area as a large tract of unending hills and ravines scarred by jagged cliffs and steep climbs. It is renowned for 'Melghat Tiger Project' and 'Gugamal National Park' worldwide. Presently, the total area of the reserve is around 1677 km². The forest is tropical dry deciduous in nature, dominated by teak (Tectonagrandis). Chikhaldara is a Hill Station and a municipal council in Melghat. Chikhaldara is the sole hill resort in the region assumed to be the 'Nandanvan' of Vidharbha, is situated at an altitude of 1118 m with highest Vairat point 1188 m and has the added dimension of being the only coffee-growing area in Maharashtra. The place has a rich variety of flora and fauna with the nature's beautiful architecture spread all over the region. Arts, Science and Commerce College, Chikhadara, Distt.: Amravati came into existence in 1996 with an intention to impart higher education to the tribal at their very door step and ensure their well being, growth and safety. The college offers degree courses like B. A., B. Sc., B. Com with traditional and advanced subjects and M. Sc. (Environmental Science). Whereas in UG science stream there are innovative subjects like Petrochemical Science, Food Science, Apiculture, Industrial Chemistry and Environmental Science. The college run recognized research centers for the subjects Physics, Botany, Mathematics, Chemistry, Environmental Science, Marathi, Hindi, English, Political Science and Sociology. Besides this the college also runs various add-on and certificate courses.

Introduction:

As per the MoU signed between the two parties for academic and research activities. The two parties are Department of Physics, Smt. Narsamma Arts, Science & Commerce College, Kiran Nagar, Amravati and the Department of Physics, Arts, Commerce & Science College, Chikhaldara, Dist: Amravati.

Under this MoU, a lecture was organized. As stated, one of the activities is "Interactive Sessions for New Researchers & the Scholars"

To start with, Dr. Bajpeyee and Dr. Dhokane both have given detailed information regarding the very purpose of MoU and the objectives of MoU.

Dr. Bajpeyee briefed the activities planned.

Even though MoU was signed in January 2021, due to pandemic situations and continued lockdown, the program was organised at the end of the session.

Dr. Bajpeyee also gave information about tentative schedule of the program.

Principal Dr. V. R. Patil was a Chief Guest.

He gave wishes to the research scholars and appreciated the platform made available for the researchers under both the Institutions.

He also suggested to take the benefit of such platforms for work to build the nation.

He said that patents is the ultimate output of the research by which nation is recognized across the globe.

Dr. Kapse was the speaker.

Since the title of the activity is "Initiation of Research."

With due worth he explained all the fundamental steps in research in chronological order.

He turned in Marathi language to transfer maximum of his opinion related to the research temperament.

He suggested good approaches in research.

He focused on the steps in research rather than the title of the project / article / thesis title.

Principal Dr. R. S. Chandanpat chaired the program.

Dr. Chandanpat initiated his speech with the gratitude to the lady Narsamma Mannewar who donated the land to the parent Trust. He also underlined the programs under Silver Jubilee Celebration of the College conducted throughout the year. He gave the information about the Research Centers at the College. Grassland Development & Management Practices in Protected Areas

Department of Environmental Science

Academic Year 2017-18

1. Title of the Practice

Training to forest frontline field staff for grasslands management and habitat management in Protected Areas of India.

2. Goal

To train and motivate the forests field staff for grassland management and habitat improvement in Protected Areas.

Concept

To develop nutritive grasslands for herbivores in Protected Areas by Eradication of invasive weeds from grasses. To enrich the grasslands by broadcasting fodder grasses seeds in pre monsoon. Taller perennial, fodder grasses biomass management by cutting the grasses. To conduct field workshops for grasses seeds collection and weed eradication. To provide action plan for grassland management to field staff.

3. The Context

Grasslands are the green ground cover of protected areas in forest. The grasses are useful for grazing habitat of wildlife (Herbivores). The rehabilitated areas of Melghat Tiger Reserve and other tiger reserves have more cultivated lands, these lands are converted into the good grasslands by the field staff and forests labors.

The challenges in grassland management are woody species, brush woods, Weeds invasive. The eradication of weeds play vital role to increase the productivity of grasslands. Eradication of weeds, grasses seeds collection, enrichment of grasslands by seed sowing useful to develop and manage the good nutritive grasslands. The regular field guidance in grasslands in each season increases the confidence of field staff to develop good grasslands for the herbivores and works for habitat improvement and maintain prey predator relationship.

per the request and invitation by Principle Chief Conservator of Forest and Head of Forest Force Telangana State the field workshop was organized to restore the grasslands and enrichment in August 2018 and May 2019.

The field Workshops was organized for root level frontline staff and the forest officers.

Re: Appreciation of Services Rendered to Grassland Management in the Kanha TR.

This is with great pleasure that I acknowledge and extremely appreciate your technical guidance for the development of grasslands in the Kanha Tiger Reserve. As eminent agronomist of central India, you have been visiting Kanha Tiger Reserve to share your experience of grassland management with officers/ staff of the tiger reserve, and to train them in the necessity and improvement of this important habitat type upon which depends a huge population of varieties of different species.

Your recent visit, in September and November, 2016, to the protected area and interaction with Kanha management have considerably added to our understanding of the management of grassland habitat. I hope that in future also you will lend us the much-needed support for the cause of wildlife conservation in the tiger reserve.

Re,
Sub: Appreciation for grassland improvement work in protected
areas of Karnataka State.

This is to acknowledge with gratitude your immense contribution to the capacity building of our field as well as supervisory staff of the many protected areas for management and improvement of the grass lands.

The grasslands are an important component of the food pyramid of the PAs. Therefore, personally I feel that the increase in tiger numbers in B.R.T, Nagarhole & Dandeli in Karnataka in recent years can be attributed partly to your efforts.

I have no words to thank you for taking out your time to visit not only Tiger Reserves but also the lesser known sanctuaries and national park of the State multiple times in a year to train the staff and follow up on their progress on the ground. It has helped the staff in identification of palatable grasses and timely eradication of weeds, thereby constantly improving the quality of the grass lands. The training manual prepared by you will go a long way in further improving their capacity.

Once again we are grateful to you for your efforts and time and hope that you will continue to be associated with our protected areas in future also.

Yours faithfully,

Principal Chief Conservator of Forests
(Wildlife) Bangalore.
