SESSION 2021-22
ADMISSION AND EDUCATIONAL AWARENESS CAMPAIGNING
REPORT

During the session 2021-22 we arranged the admission and educational awareness campaigning in the tribal region of Melghat. As per the aims given above, our staff reached to the students residing in the villages of two tehsils of Melghat i.e. Dharni and Chikhaldara. During this campaigning we visited nearby 120 villages during two schedules. The first schedule was from 22nd to 30th November, 2021 and the second drive was from 14th to 26th October, 2021.

The villages were allotted to the group of teachers. The details of the schedule, groups of teachers and the villages allotted are given in details in the tables. During their visits our teachers and non-teaching staff visited the allotted villages. We met with the present students, the alumni, and the students who are passed in the HSC examinations. We also visited to their homes and talked with the parents for giving the information about our college. We also told them the importance of higher education for their betterment.

During the visits we visited the junior colleges to meet the concerning teachers. We collected the list of students. We also visited to the respected persons of the villages such as Sarpanch, Police-Patil, Gramsevak, etc. and convey the information to them also so that they can encourage the parents and students for taking higher education.

For us it is a continuous process throughout the year. We always keep contact with all the persons we met during the visits. All the teachers are informed to take follow-up by contacting the junior college students, the willing students, their parents and other persons to increase the admissions. If any of them have any problem regarding the admission process the admission committee is always ready to solve their difficulties on phone or direct visits. We convinced many parents especially of girl students to let their daughter take higher education who are not willing to send their wards to the senior college.

The reports submitted by the teachers are analyzed. Some issues are found behind the negligence and unwillingness of parents and students for not taking the admissions to the higher education are as follows

- Most of the students are from economically weak background hence cannot afford the expenditure of education
- There is limited seats for the ST students in the Government hostels
- Many students go for the daily wages work to earn money and hence cannot attain the college regularly.
- Gaoli Samaj is not willing to educate their girls as the girls get married as soon as they complete 18 years of age

- Chikhaldara is not convenient for travelling for most of the villages of Melghat
- Some prime subjects do not have sufficient teaching staff

Due to the efforts of the staff we reached at the following position in the year 2021-22

SN	FACULTY	CLASS	NO. OF STUDENTS			TOTAL		
			BOYS	GIRLS	TOTAL	BOYS	GIRLS	TOTAL
1	ARTS	B.A. I	62	20	82	131	50	181
2		B.A. II	53	18	71			
3		B.A. III	16	12	28			
4	SCIENCE	B.Sc. I	48	31	79	126	81	207
5		B.Sc. II	41	20	61			
6		B.Sc. III	37	30	67			
7	COMMERCE	B.Com. I	64	19	83	121	32	153
8		B.Com. II	43	6	49			
9		B.Com. III	14	7	21			
10	M.Sc. (EVS)	M.Sc. I	10	7	17	17	16	33
11		M.Sc. I	7	9	16			
12	Grand Total					395	179	574

Suggestions by the Committee

- We need to provide the residential facilities to the poor students on minimum rates
- We need to try to increase the seats in the ST hostels
- We need to provide some facilities to the students such as Photo copy, print outs, online document feeling, canteen on subsidies rates etc.

If we shift to the Aladoh campus, it will be more convenient for the students to travel and come to college.

ADMISSION AND EDUCATIONAL AWARENESS CAMPAIGNING
REPORT (2019-20)

During the session 2019-20 admission and educational awareness campaigning was arranged in the tribal region of Melghat. As per the aims and objectives of the committee, our staff tried to reach in the nearby villages to contact the students, parents and some key persons. During this campaigning we visited nearby villages in two spans.

The villages were allotted to the group of teachers. During the visits we met not only with the HSC passed students but also present students and alumni. We also visited to their homes and talked with the parents for giving the information about our college. We also told them the importance of higher education for their betterment.

We also visited the junior colleges to meet the concerning teachers and collected the list of students. For us it is a continuous process throughout the year. We always keep contact with the persons we met during the visits. All the teachers are informed to take follow-up by contacting the junior college students, the willing students, their parents and other persons to increase the percentage of higher education seeking students. The problems regarding the admission process if any are sought out by the admission committee. Parents, especially of girl students are convinced for sending their wards to higher education. The reports submitted by the teachers are analyzed to find out the issues behind the negligence and unwillingness of parents and students. Following are some common issues that are found

- Economically weak background hence cannot afford the expenditure of education
- Girls get married as soon as they complete 18 years of age specially in Gaoli Samaaj
- Limited seats for the ST students in the Government hostels
- No government hostel facilities for other backward students
- Many students go for the daily wages work to earn money and hence cannot attain the college regularly.

Entrepreneurship Development & Industry Institute linkage Cell is working in the field of self employment. Such types of workshop can provide an opportunity to the student for their better future. EDIIL cell is planning for the commercial production of these types of lamps. We will provide all the facilities and kits to the students and they will manufacture the lamps. These lamps will be purchased by the cell and will be sold through its outlets. This will provide some financial help to the students and they can earn while learn

Extension Activity
Academic Year- 2021-22
Title of the Activity: Plastic Free Environment

Date / period: 13th May 2022
Venue: Seminar hall
Objectives of program: To aware about polythene plastic bag pollution.

Making our environment an eco-friendly zone.

Brief Report: Plastics do not undergo degradation, stay in the soil for many years, which affects soil fertility and degrades the soil quality. When plastic enter the drainage and sewerage system, they block the pipes and the drains causing waterlogging. The improperly disposed of food bags, when eaten by animals, cause stomach and intestine related diseases which even lead to suffocation and death. Plastic items find their way to the river and other water bodies, which are then swallowed by fish, seabirds, and other marine species. The waste from the plastic manufacturing industry is thrown directly into the water bodies, thus affecting the chemical property of water, causing hazards on a very large scale. Proper disposal and usage of plastic discards can reduce these problems. A set of regulations should necessarily be followed to stop these problems. There are primarily three ways of managing plastics: • Reduce • Reuse • Recycle

In the academic session 2021-22 Department organized Extension Activity, in which we aware our students about plastic pollution and asked them about reuse of plastic bottles for planting the plant. The duration of this activity was three months. Students planted the sapling in plastic bottle, observe them by taking care and after grown they submitted it on the date they asked.

The program conducted on 13th May 2022 under the presidency of Honble Principal Dr. R. S. Jaipurkar. Dr. U. S. Wasnik in her speech gave brief introduction about the Extension activity of the department. Dr. R. S. Jaipurkar sir addressed the students and insist students to avoid use of single use plastic.
